Extra-curricular activities play an important role in the development of our student athletes. Athletics allow our students to develop and display their abilities as athletes, leaders, and team members. Students are expected to make a commitment to their school team. However, academics must remain a student's main priority.

Playing time will not necessarily be equal and will be determined based on the criteria outlined on page 2 of this Participation Agreement. Coaches will strive to develop each individual within the team concept.

Please read and discuss this agreement with your child. If you have any questions, please do not hesitate to contact me at the number/e-mail listed below.

Yours in sport,
