The World Needs Your Kid: How to Raise Children Who Care and Contribute

Raising kids in a complex, fast-paced social world can be challenging. In this speech, based on Craig and Marc's international bestseller *The World Needs Your Kid: Raising Children Who Care and Contribute*, Craig will reflect on personal stories about his parents – both educators – and provide key insights on guiding children to be compassionate and engaged global citizens.

This speech provides tips for guiding young people to be engaged global citizens, and is ideal for social workers, coaches, families, educators, communities, parents, caregivers, ECE workers and anyone who cares for children and youth.

EVERYONE IS WELCOME AT THIS FREE EVENT MADE POSSIBLE BY THE MINISTRY OF EDUCATION PARENTS REACHING OUT GRANT
