#### **Background**

Administration has completed the preparation of the draft budget for 2021/22. Budget related reports to the Board of Trustees have been made at the following meetings:

March 8, 2021: 2021-22 Budget planning

April 6, 2021: Federal Safe Return to Class Fund: 2020-21 Spring and Summer

Learning Opportunities for School Boards

May 10, 2021: 2021-22 GSN Funding release

May 25, 2021: 2021/22 Staffing Report

The following memos have been provided by the Ministry of Education on May 4, 2021 or later to support planning for the 2021-22 budget estimates and are available in their entirety at the following website <a href="https://efis.fma.csc.gov.on.ca/faab/Memos.htm">https://efis.fma.csc.gov.on.ca/faab/Memos.htm</a>:

2021: B07 – Planning for the 2021-22 School Year

2021: B08 – 2021-22 Grants for Student Needs Funding

2021: B09 – Capital Funding for the 2021-22 School Year

2021: B10 – 2021-22 Priorities and Partnerships Fund (PPF)

2021: B11 – Learning Recovery and Renewal

2021: SB06 – Special Education Grant and Mental Health Funding Changes for 2021-22

2021: SB07 – Student Transportation – Grants for Student Needs, 2021-22

2021: SB08 – 21-22 Estimates (District School Boards)

These memos have provided planning details, important announcements regarding intended changes to grant structures, on-going investments to reflect the third year of the labour agreements, changes to how online learning classes are funded, enhanced accountability measures, and on-going support related to operational matters supporting health and safety/COVID matters.

#### **Enrolment Projections-Elementary**

Projected Elementary Enrolments for the grant and tuition revenue 2021-2022 are as follows:

Elementary	Actual	Budgeted	Revised	Projected	Variance from
Pupils	enrolment	enrolment	Estimates	enrolment	2020/21
	2019/20	2020/21	2020/21	2021/22	Revised
					Estimates
	10,307.25	10,245.0	10,035.5	10,000.0	(35.5)

#### **Enrolment Projections-Secondary**

Projected Secondary Enrolments for the grant and tuition revenue 2021-22 are as follows:

Secondary	Actual	Budgeted	Revised	Projected	Variance from
Pupils	enrolment	enrolment	Estimates	enrolment	2020/21
	2019/20	2020/21	2020/21	2021/22	Revised
					Estimates

#### **Local Challenges for 2021-2022**

Some of the inflationary costs and program pressures identified by administration have not changed significantly from prior years. There are increased risks due to the unknown magnitude of expenses that may arise in 2021/2022 due to Covid-19, Ministry

direction regarding COVID support, and the timing of decisions in regard to providing additional funding or using board-owned reserves. These factors all add an additional layer of complexity.

- Managing enrolment changes at schools where decline is present in many cases, and growth is present in a few others. Additional risk for 2021/22 is projecting the impact of students (particularly at the JK and SK level) that may not return/enroll and are kept at home for another year by parents/guardians. Ministry direction has been to project enrolment conservatively based on enrolment experienced in 2020-21 and that stabilization funds for enrolment decline will not be provided in 2021-22.
- Continued pressure due to costs related to short and long term absences, which
  will continue to be exacerbated by requirements to self-isolate or quarantine in
  2021/22. Unknown factors include understanding the impact of full vaccination
  on a staff member's requirement to self-isolate. At this point, children under the
  age of 12 do not have a vaccine available to them and many adults and students
  will not be fully vaccinated when school begins in September. We can expect the
  virus and its variants to continue to circulate within communities, students and
  staff.
- Continued pressure in departmental budgets where price increases exceed the inflationary amounts provided by the government, particularly in Facilities and with Student Transportation.
- Continued pressure to provide supports for special needs students, recognizing
  that new needs are emerging or have been exacerbated as a result of the
  pandemic. Funding provided by the Special Education allocation continues to be
  supported by additional special purpose allocations and redirected board funds.

#### **Projected 2021-2022 School and Central Staffing Allocations**

Funding for school boards through the Grants for Student Needs (GSN) is calculated using many different formulae to support particular components of classroom education. The Pupil Foundation Allocation formulae make significant use of benchmarks for staffing, salaries and benefits. The number of teaching staff allocated within the school system must conform to a number of requirements including the Average Class size for Full Day Kindergarten, Primary Class Size initiative and the provision of preparation time as per the Board's collective agreement with its teaching staff. The differences experienced between the number of teachers funded and the number of teachers allocated/staffed by boards is usually as a result of the pattern of dispersion of students within the board's geographic area.

Unlike the extraordinary circumstances of 2020-21 which deliberately made use of COVID funding and Board reserves to support smaller classes and the virtual school, in 2021-22 elementary schools (including St.Thomas Aquinas Virtual Elementary School) are being organized as they normally would in a manner that will achieve the Ministry targets on class size.

Where additional students enroll prior to September, changes may be necessary to reorganize classes at schools in September in order to meet the class size guidelines.

Enrolment shifts due to registrations in the virtual school are being addressed as part of the regular staffing process. In-person school sites that experience a decline in enrolment due to registrations that have moved to the virtual school will see that decline reflected in a reduced number of teachers assigned to the in-person school.

This represents a financial risk area for the Board. The number of FTE's currently in the budget has a minimal level of unallocated FTE's to add additional staff for the purposes of September class size shifts. The final placement of staffing for the purposes of meeting class size could contribute to an in-year deficit after the count dates have occurred.

COVID staffing funds announced by the Ministry are limited to 50% for the first half of the school year (\$939,637) and are not fully allocated at this time. Decisions regarding the use/distribution of these funds (for both teaching staff and support staff) will be made in early September to provide support within the system as needs are identified.

Secondary schools (including St.Thomas Aquinas Virtual Secondary School) are being organized in accordance with the class size funding to achieve an average class size of 23 to 1. Similarly, COVID staffing funds will be used to fund added positions where needs are identified.

#### **Accumulated Surplus**

School boards are required to create budgets that are drafted in accordance with Public Sector Accounting Board (PSAB) reporting requirements, and which are in compliance with the Education Act.

Generally, compliance with the Education Act requires total spending to be equal to or less than total revenue. There are circumstances where an in-year deficit is permissible if there were prior surpluses (called Accumulated Surplus). The draw on the accumulated surplus is limited to ensure this action does not place the board in undue financial risk. The draw on accumulated surplus is limited to the lesser of:

- The board's Accumulated Surplus for the preceding year, and
- One percent of the board's operating revenue (approximately \$1.8 million)

For 2021-22, the draft budget is compliant for the purposes of the Education Act, and will reflect a deficit. A net current year deficit for compliance purposes of \$311,350 is being reported. This deficit is attributable to some ongoing expenses that are supported by specific reserves and is otherwise balanced. These are:

\$311,350	Amortization of the retirement gratuity liability. This amortization is supported by
	funds specifically set aside as Internally Appropriated Surplus and will continue
	into the future until fully depleted after 2022/23.

While not part of the deficit calculation, other transfers between Accumulated Surplus accounts are annually required.

\$30,000	Annual charge to the Holy Cross field-joint agreement account. This is a transfer between the Operating Accumulated Surplus and this Internally Appropriated account.
\$286,840	Amortization of capital costs for specific committed capital projects. The amortization is supported by funds specifically set aside as Internally Appropriated Surplus and will continue into the future over the life of the capital projects until fully amortized.

The estimated balance of the Operating Accumulated Surplus is outlined below:

	Sept 1, 2021	In-Year	Aug 31, 2022
		Increase (+)/ Decrease (-)	
Available for Compliance – Unappropriated			
Operating Accumulated Surplus	\$4,671,134	(30,000)	\$4,641,134

Total Accumulated Surplus Available for Compliance	\$11,159,660	(598,190)	\$10,561,470

#### Significant Variances from year to year

A number of individual significant variances are evident when comparing to the prior year figures on the accompanying detailed pages:

Revenue (not related to enrolment changes):

- Centrally bargained amounts for Supports for Students Funds, and Education Worker Protection Fund. Unused funding from 19/20 was renegotiated and carried forward to be spent in 20/21 and 21/22
- Shifts/Transfers in funding from separate PPF's to within the GSN (i.e. SHSM, After Schools Skills Development)
- Increase in SHSM sections funding due to approval of program expansion
- Reduced COVID related funding supports, particularly Funding Stabilization and the Federally provided funding.
- Reduced tuition fees related to fewer eligible students
- Reduced investment income due to changing interest rates

Reduced cafeteria revenue is assumed to continue

#### **Expenditures**

- Decreased FTE's in various categories compared to the Revised Budget 2020/21 due to prior year use of COVID funding and reserves to support aspects of the Board operations
- Decreased FTE's where positions are funded on an enrolment basis
- Increased costs of statutory benefits embedded in average salary costs not provided for by provincial funding
- Reduced school budgets where applicable due to enrolment decline
- Increased costs for school operations, utilities and maintenance at a greater rate than inflation provided in funding allocation

#### **Concluding comments**

Given the continued uncertainty regarding the trajectory of Covid-19 on our students and staff come September, and the decisions yet to be made by the Ministry regarding access to COVID relief funding, provision has been included in the budget with respect to 50% of the announced funding for supporting the revised model of instruction for 2021-22.

Many of the other budget assumptions have been determined using normalized experience and estimates.

Where budget assumptions and projections vary significantly from the actual figures experienced, trustees will be apprised of any significant unbudgeted issues that require resolution via the use of Accumulated Surplus or expenditure reductions. This is typically done during discussion related to the Revised Estimated filed annually mid-December.
