A record of the [Notification of Potential Risk form \(HR32\)](#) is to be completed and stored in a confidential manner in the school office. Each employee meeting the criteria set out in the paragraph above must review the form annually and sign off that they are aware of the information identified on the form. This may include occasional/supply staff, and Board office staff who may be expected to encounter

the person while on premises. It will be the Principal/Supervisor's responsibility to ensure this disclosure is made to each affected employee.

5.0 Workplace Violence Risk Assessments

5.1 Risk Assessments:

The Board will ensure each work location completes a risk assessment respecting the potential for violent incidents at that work location and during work activities within the Board's jurisdiction during employment-related events and activities.

During this process, an assessment will be made of the risks of workplace violence that may arise from:

5.1.1 The nature of the workplace

5.1.2 The type of work

5.1.3 The conditions of work

The assessment will consider circumstances common to other school boards and circumstances specific to the PVNC Catholic District School Board.

The results of risk assessments and risk reassessments will be shared with the members of PVNC Catholic's Multi-Site Joint Health and Safety Committee.

5.2 Risk Reassessments:

A reassessment of the risks of workplace violence will be undertaken as often as is necessary to ensure that the workplace violence policy and program continue to protect workers from workplace violence. Changes or events within the Board that may warrant a reassessment may include: an increase in the number, frequency or severity of workplace violence incidents for that specific workplace; a change in the physical environment of the workplace; a change in the student population of a school or a change in curriculum or scheduling, to determine if such a change could impact the potential for workplace violence.

Risk reassessments will be completed a minimum of once every three (3) years. Consideration should be given to a risk reassessment being completed when a new Principal/Supervisor is appointed to the school/department.

Completed risk assessments will identify workplace violence risks as well as measures and procedures taken to control the identified risks within the workplace.

The results of risk assessments and risk reassessments will be shared with the members of the PVNC Catholic's Multi-Site Joint Health and Safety Committee.

5.3 Controlling the Risk of Workplace Violence:

Regulation 857- Teachers, made under the *OHSA*, states that Part V of the *OHSA* (Work Refusals) does not apply to teachers, as defined in the *Education Act*, where the circumstances are such that the life, health or safety of a student is in imminent jeopardy.
